Free Crack-Pipes for Racial Equality

Biden Administration

The Two Enemies of the People

“The course of history shows that as a government grows, liberty decreases. The two enemies of the people are criminals and government, so let us tie the second down with the chains of the Constitution so the second will not become the legalized version of the first. When the people are afraid of the government, that’s tyranny. But when the government is afraid of the people, that’s liberty.” - Thomas Jefferson

“Help Make Drug-Use Safer For Black Addicts”

A new program is to “help make drug-use safer for black addicts” is being rolled out by the Department of Health & Human Services under the Biden administration beginning in May. Funding will be provided to local governments and nonprofit groups so they can provide free safety materials to drug users. Among these vital materials will be crack pipes. And just to put a cherry on top of this announcement, the programs will be required to prioritize aid to minority and LGBTQ addicts in keeping with the Biden administration’s requirements to advance racial equity. A spokesman for the agency told the Washington Free Beacon that this \$30 million will provide pipes for users to smoke crack cocaine, crystal methamphetamine, and “any illicit substance.” HHS said the kits aim to reduce infections when smoking substances with glass pipes, which can lead to infections through cuts and sores.

Tucker Carlson’s Rebuttal

Earlier this year Tucker Carlson analyzed the effects of dumping vast amounts of money into ways to make it easier and safer for people to take illegal drugs in public. He points out that when you spend lavish amounts of taxpayer money on providing services to the homeless (as opposed to getting them off of the streets) you wind up with more homeless people. Similarly, when you dump equally vast amounts of money into programs allowing people to drink or do drugs in public spaces. It’s really just the law of supply and demand being twisted in new and unexpected ways.

“Good Intentions”

“Good intentions will always be pleaded for every assumption of authority. It is hardly too strong to say that the Constitution was made to guard the people against the dangers of good intentions. There are men in all ages who mean to govern well, but they mean to govern. They promise to be good masters, but they mean to be masters.” Daniel Webster

A Biblical Response to Crime and Violence

Violence Came With The Fall:

Violence was not a part of life before sin entered human experience. Adam unleashed an innumerable avalanche of crime and violence when he willingly disobeyed the Lord God (Ro. 5:12; 1 Tim. 2:14). All calamities, famines, wars, genocides, sickness, racism, abortions, pollution, rape, pedophilia, murders, earthquakes, tsunamis, and every type of crime and violence is one hundred percent traceable to Adam's fatal decision.

People Kill People Not Guns:

Yes, people kill people murder people, not guns. The first person born (Cain) was a murderer and he didn't use a gun. Cain murdered his brother (Abel) because he "was of that wicked one, and slew his brother. And wherefore slew he him? Because his own works were evil, and his brother's righteous" (1 Jn. 3:12). The Lord Jesus said: "For out of the heart proceed evil thoughts, murders, adulteries, fornications, thefts, false witness, blasphemies" (Mt. 15:19). The ovens at Auschwitz give vivid testimony of the wretchedness of the human heart (Jer. 17:9).

Poverty Breeds Crime?

Just the opposite is true. **Crime breeds poverty.** In his January 1964 State of the Union address, President Lyndon Johnson proclaimed, "This administration today, here and now, declares unconditional war on poverty in America." In the 50 years since that time, U.S. taxpayers have spent over \$22 trillion on anti-poverty programs. Adjusted for inflation, this spending (which does not include Social Security or Medicare) is three times the cost of all U.S. military wars since the American Revolution. President Johnson's main goal of reducing the "causes" rather than the "consequences" of poverty, the War on Poverty has failed completely.

The Break-Down of the Family:

Black families used to be a model for the rest of the nation. From 1930-1940, during America's ten years of depression, when racism was enshrined in law, elderly people could walk safely in their communities without fear of assault because their faith in God and commitment to marriage and family. Blacks had the highest marriage rate of any group in the nation. Tragically, in 1960, it was 5 out of 100 children born out of wedlock. Today, it has increased to 70%. Asians 11.7%. Whites 28.2%. Hispanics 52%. American Indians 69%. And who fills in gap? Uncle Sam? The gang leaders? Many young men become gang-bangers and drug pushers and surrogate fathers to future gangsters. These same gangsters are committed to BLM. The Bible warns: "Evil company corrupts good morals" (1 Cor. 15:33).
