### **"We Want to Exterminate the Negro Population"**

Margaret Sanger  
(1879 - 1966)

#### **A Precursor to a Certified Racist:**

Margaret Sanger was born in 1879 in New York, one of 11 children born into an impoverished family. Her mother was Catholic, her father an atheist. Her mother had several miscarriages and died at an early age. Though the cause of death was listed as tuberculosis, Margaret always attributed her early death to the fact that her mother was weak from bearing so many children. This deep-seated disdain for large families would encompass her life and contribute to her belief that women should limit – or be limited – in the number of children they have. Today, due to abortion and Sanger the slowest growing ethnic group in America are African Americans.

#### **The Negro Project:**

In 1939, Margaret Sanger introduced "The Negro Project." "In order to make the project most effective, she suggested that certain black ministers be recruited. The objective of the "project" is to infiltrate the black community by presenting birth control as a health option for women to kill off the black community and limiting the growth of the population by abortion and sterilization. We do not want word to go out that we want to exterminate the Negro Population. We should hire three or four hundred colored ministers, preferably with social-service backgrounds, and with engaging personalities. The most successful educational approach to the Negro is through a religious appeal." Ministers Jesse Jackson and Al Sharpton are usable!

#### **Human Weeds:**

Planned Parenthood founder tied eugenics together with racism, stating; "Colored people are like human weeds and are to be exterminated. Slav, Latin and Hebrew immigrants are weeds ... a deadweight of human waste ... human beings who never should have been born. Blacks, soldiers and Jews are a menace to society." Sanger believed, "... for the purpose of racial purification, couples should be rewarded who chose sterilization." A Pew Research taken last year found that 50% of Hispanics, 58% of whites and 62% of blacks say abortion should be legal in most cases.

## **Prominent Americans Still Support Margaret Sanger:**

### **Barack Obama:**

**“Look, I got two daughters ... I am going to teach them first about values and morals, but if they make a mistake, I don’t want them punished with a baby ... “**

### **Joe Biden:**

**Dr. Obery Hendricks, a Professor of Religion at Columbia University says, “President Biden was on “firm moral ground” supporting abortion is consistent with Christianity.”**

### **Coretta Scott King: (1964)**

**Did Margaret Sanger deceive Dr. Martin Luther King Jr.? Few are aware that in May 1966, Dr. King was among the first recipients of Planned Parenthood Federation of America’s Margaret Sanger Award, for what Planned Parenthood calls its web site the “connection” between King’s crusade for social equality and Sanger’s birth-control movement. In his absent, his wife, Coretta Scott King delivered his acceptance speech. Mrs. King said: “I’m proud tonight to say a word in behalf of your mentor, and the person who symbolizes the ideas of this organization, Margaret Sanger. Because of her dedication, her deep convictions, and for her suffering for what she believed in, I would like to say that I am proud to be a woman tonight.”**

### **Hillary Clinton: (2009)**

**Upon her acceptance of the Margaret Sanger award: “I admire Margaret Sanger enormously, her courage, her tenacity, her vision. I am really in awe of her, there are a lot of lessons we can learn from her.”**

### **Nancy Pelosi: (2014)**

**“Any woman willing to call late-term abortion “sacred ground” and make false accusations that the opposing political party voting for the Protect Life Act would leave pregnant women “dying on the floor” deserves an award named after someone as demonically inspired as eugenicist Margaret Sanger, well House Majority Leader Nancy Pelosi (D-CA) is that woman. She lobbies for abortion rights and then receives communion.” - Jennie DeAnelis**

### **Jesse Jackson:**

**Jesse Jackson once said “abortion is black genocide. What happens to the mind of a person and the moral fabric of a nation that can abort a baby without a pang of conscience? Where will we be 20 years from today?” Jesse Jackson called abortion murder. “We use to look for death from the man in the blue coat and now in comes the man in a white coat.” Mr. Jackson forsook the pro-life ship in 1984. There is no evidence that he ever boarded the Ship of Life.**

### **Alison Lorkowski (1961- 2022)**

**The above had prominent names recorded on earth, but Alison Lorkowski has a prominent name recorded in Heaven, not because she fought for decades to save babies down here, but because she trusted Him who gave them life – The Lord Jesus Christ. See you in glory!**
