### Grace Bible Chapel's 87<sup>th</sup> Church Anniversary

Theme:

**"Taking Refuge In The Lord"**

Psalm 118:8

"It is better to trust in the Lord than to trust in man."

#### **Fighting Cultural Marxism:**

Dr. Erwin W. Lutzer

From the rise of Cultural Marxism to the political attacks being perpetrated against conservatives and Christians, Pastor Erwin Lutzer, Pastor Emeritus of The Moody Church called on Americans to stand up and stop being silenced. In his latest book, "We Will Not Be Silenced: Responding Courageously to Our Culture's Assault on Christianity." Compliance with the "woke" left will not be rewarded by cancel culture. It's time for Americans to fight back or be silenced forever."

#### **Attacks The Right to Worship:**

"One of the reasons that the Judeo-Christian history of the United States is being vilified is because they want to put America on a different foundation. One of the reasons that I wrote, "We Will Not Be Silenced" is so Christian parents can understand why it is that when they send their children to college and university, why do they come back hating America?" But it's not just about getting banned on Twitter or being told at work to keep our faith to ourselves. **There is a concerted attack underway against the youth of America to indoctrinate them into an anti-American and anti-Biblical worldview.**"

#### **Christians Are Facing Internal Problems:**

"Arguably the biggest challenge facing Christians is an internal one. We as a church and as a nation, have grown complacent about our freedoms, particular our right to worship. This complacency prompted many to stay on the sidelines, avoid conflict, and take our eyes off of political concerns. Now, we're seeing our lack of action is coming back to haunt us. Indeed, I can say with authority that for Christians, there is no longer any place to hide. A man by the name of Herbert Marcuse in the 60s taught that freedom of speech should be banned."

## **Christian Appeasers:**

Mr. Marcuse's argument was, "If we give freedom of speech to the capitalists, they will always win the argument. The only way to win the argument is the "oppressed" to have freedom of speech." Lutzer references a quote often attributed to Winston Churchill. "An appeaser is one who feeds a crocodile, hoping it will eat him last" There are too many "appeasers" in American society today. This translates into lukewarm political and religious adherence; Christian and conservatives often try to "appease" the left thinking they will be spared from the attacks of Cultural Marxists."

**(His book, *We Will Not Be Silenced: Responding with Courage to Our Culture's Assault on Christianity*, is available at Christian Books, Amazon, and wherever books are sold.)**

## **Better to Take Refuge in the Lord than in Science:**

Scripture's expectation that believers physically gather is not arbitrary. It's designed for our spiritual growth and survival. "Let us consider how to stir up one another to love and good works, not neglecting to meet together, as is the habit of some, but encouraging one another, and all the more as you see the Day drawing near. (Heb. 10:24-25). If believers were as dutiful in obeying the unchanging Word of God as they are in obeying the ever changing words of Dr. Anthony Fauci, our assemblies would have a greater spiritual impact on our communities. "It is better to trust in the Lord than to trust in (science) man." If this administration truly believes that all Americans should be vaccinated, why then are they not vetting the hundreds of thousands of foreigners and illegals entering our borders each month? How is it that true science indicates that people who have had Covid, have immune systems seven times stronger than those who have received all of the vaccination shots?
